

DHANAK NADEEM

Computer Engineering Student | Full Stack & Web Developer

Lahore, Pakistan | dhanaknadeem000@gmail.com | linkedin.com/in/dhanak-nadeem-a508b033b

PROFESSIONAL SUMMARY

Computer Engineering student at the University of Engineering & Technology (UET), Lahore, with hands-on experience in Full Stack Development, Web Development, and Software Development through multiple internships. Skilled in building responsive web applications, developing backend systems, working with databases, and creating user-friendly. Strong problem-solving and teamwork skills with a keen interest in developing practical software solutions and continuously learning modern technologies.

TECHNICAL SKILLS

Programming Languages: Python, Java, C++, C#, JavaScript, SQL

Web Technologies: HTML, CSS, JavaScript, React.js, Node.js, Express.js

Databases: MySQL, MongoDB, SQL server

Tools & Platforms: Git, GitHub, VS code, Visual Studio, Canva, MS Excel, MS Word

Soft Skills: Teamwork, Communication, Problem Solving, Leadership

EXPERIENCE

Software Development Intern – Developers Hub Corporation 2026

- Developed frontend backend projects using VS Code, MongoDB, HTML, CSS, NODE.js.

Web Development Intern – Developers Hub Corporation 2026

- Built responsive websites using VS Code, MongoDB, HTML, CSS, NODE.js.

Full Stack Developer Intern – Code Alpha 2026

- Developed full-stack web applications. Worked with React.js, Node.js and MongoDB.

PROJECTS

Pac-Man Game (Python)

- Developed an interactive Pac-Man game using programming logic, focusing on movement controls, collision detection, and score tracking

Google Translator Clone (HTML, CSS, JavaScript)

- Created a web-based translation interface inspired by Google Translate with text input and language translation functionality.

ECAT Exam Preparation (React, Node.js, MongoDB)

- Developed a quiz-based application for ECAT preparation including MCQs, scoring system, and result evaluation features

Joke Website (HTML, CSS, JavaScript, REST API)

- Built a fun interactive website that displays random jokes using API integration and simple UI design

Task Manager (React, Node.js, Express.js, MongoDB)

- Created a task management application allowing users to add, delete, and manage daily tasks efficiently.

URL Shortener (React, Node.js, Express.js, MongoDB)

- Developed a full-stack URL shortening application. Implemented functionality for converting long URLs into shorter, manageable links.

Restaurant Management System (React, Node.js, MongoDB)

- Developed a full-stack restaurant management system for managing menu items, customer orders, and restaurant operations.

EDUCATION

BS Computer Engineering – University of Engineering & Technology (UET), Lahore 2024 – Present

FSC Pre Engineering – Bahria College, Lahore-Completed

CERTIFICATIONS

Python Programming Certificate, Java Programming Certificate, JavaScript Programming Certificate, Web Development Certificate, Ai & Data Science Certificate, Software Developer Intern Certificate, Full stack Developer Certificate
